OPINION NO. 85-90

Honorable` Ralph (Buddy) Blair, Jr.
State Representative
5220 Highland Drive
Fort Smith, AR 72930

Re: Teacher Testing

Dear Representative Blair:

This is in response to your request for an official opinion on whether teachers employed by a private, non-profit corporation which subcontracts with a school district to provide educational services to school age children with developmental disabilities are required to comply with Act 76 of 1983.

It is my opinion that a teacher employed by a private, non-profit corporation which subcontracts to a school district would not be required to comply with Act 76. Act 76 covers only certified personnel employed by the public school districts of this State during the 1984-85 school year.

The foregoing opinion, which I hereby approve, was prepared by Deputy Attorney General Curtis L. Nebben.

Sincerely,

STEVE CLARK
Attorney General
